POWERCLEAN 991 (Liquid Powerwash Cleaner)

DESCRIPTION

Powerclean 991 is a mildly alkaline, low foaming liquid spray cleaner that is safe to use on all metals when used as recommended.

Powerclean 991 is a phosphate and chelator free product. The product is non-corrosive, non-irritating and biodegradable.

OPERATING PARAMETERS

Powerclean 991 may be used in any industrial spray machines.

Concentration:	1-8%(vol)
Operating Temperature:	130°F - 180°F (note: when cleaning aluminum alloys and galvanized stock operate the Powerclean 991 at 120°-130°F.)
Spray Time:	1 to 2 minutes or as required

Caution

Even though Powerclean 991 is mildly alkaline avoid skin, eye and oral contact. Wear protective clothing, goggles and gloves. If exposed, flush thoroughly with clean cold water. In the case of injury and eye contact please contact a doctor immediately. Always consult the MSDS form for further information about this product.

Waste Disposal

In order to be completely informed on the latest disposal regulations in your area, please contact your local authorities.
