RUST PREVENTIVE 1500

DESCRIPTION

Rust Preventive 1500 is a rust preventative. It is a non-petroleum, synthetic designed to yield excellent rust protection on all ferrous metals. It performs well on cold rolled, various carbon alloys, iron powdered metals, and cast iron. The time period of rust protection depends directly on the concentrate to water dilution. It goes easily into solution. The protective film may be easily removed with warm water.

Use: On Ferrous Metals

pH Concentrate: 10

Description: Clear Liquid, Odorless

Recommended Concentration: 2 - 20%

Product is intended for industrial use.
